

MEMORANDUM

April 7, 2026

TO: All interested parties of the Low-Income Housing Tax Credit Program

FROM: Elizabeth A. Rademacher
LIHTC Allocations Manager

SUBJECT: April 1, 2026 Funding Round Activity and Fee Refund Opportunity

Overview of April 1, 2026 Funding Round: Enclosed is a list of projects that applied for Low-Income Housing Tax Credit ("LIHTC") in the April 1, 2026 funding round. Information provided includes the name and address of the project; project sponsor and contact person; the amount of credit requested; total project self-score (inclusive of PSH points); primarily self-indicated categories and set-asides; total number of units in the project; and number of tax credit units.

Applicants are strongly encouraged to review the attached information and determine the likelihood of their project being in a position to receive an award of LIHTC. When making this determination, applicants should consider, at a minimum: their application's self-score relative to the self-score of other applications; project categories; and the amount of credit requested by all applications compared to the amount of credit that is available for the April 1, 2026 funding round. Please note that this list reflects self-scores and primarily self-indicated Categories and Set-Asides of applicants which have not been evaluated by the Michigan State Housing Development Authority (MSHDA).

Availability of Credit: MSHDA expects approximately \$19.0 million in credit being available for applications that were submitted as part of the April 1, 2026 Funding Round. All applicants are encouraged to review the 2026-2027 QAP for a description of the allocation process to be followed in awarding credit. The approximate amount of credit available for each of the funding categories comprising the \$19.0 million available is as follows:

Permanent Supportive Housing (PSH)	\$	4,552,736
Open– Urban	\$	5,381,648
Open– Rural	\$	3,275,136
Strategic	\$	2,155,526
Undesignated	\$	3,633,863
Total Credit Available	\$	18,998,909

Additionally, as outlined in the 2026-2027 QAP, allocations made from the categories in the October 1, 2025 funding round also counted towards the fulfillment of a set-aside. Based on the allocations made from the October 1, 2025 funding round, the set-aside requirements for Nonprofit and Elderly have been met. The Tribal Housing, Rural, and Distressed Set-aside are unmet at this time. If these Set-asides are not otherwise fulfilled from the allocations made from the PSH, Open-Urban, and Open-Rural categories as mentioned above, then as applicable the unmet set-asides will be given priority for any allocations made from the Undesignated Category until the minimum amount required is satisfied. Below is a breakdown of the minimum amount of credit that will be needed to fulfill the set-asides:

Tribal Housing	\$	1,800,000
Rural	\$	1,186,311
Distressed	\$	5,401,052

Opportunity to Withdraw from April 1, 2026 Funding Round Application Without Penalty:

If, upon reviewing the attached, an applicant determines there is not a strong probability of their project receiving an award of credit, applicants may request to have their application withdrawn from the funding round and returned to them. Applicants who make this request by 5:00 p.m. EDT on **April 14, 2026**, may also receive a refund of the LIHTC application fee that was submitted with their application. After this date, all remaining applications will be processed, and fees will not be returned. Applicants should also note that if MSHDA determines that beyond a certain point, further review of projects scoring too low to be in a position to receive an award of credit would not result in the best use of staff resources, MSHDA may stop the review process before moving on to these low-scoring projects.

MSHDA is making this opportunity available to applicants not only to expedite the funding round process, but also to relieve some of the financial burden applicants encounter in the application process. Applicants are strongly encouraged to take advantage of this opportunity to avoid incurring unnecessary fees, as it is in the best interest of all parties to be able to expedite any funding processes where possible in an effort to put available funding to work in a timely manner.

Applicants choosing to take advantage of the withdrawal option should notify MSHDA of their intent to remove their application from the funding round pool. Applicants can receive a refund of the appropriate fees by emailing a copy of the attached Request for Withdrawal of Application form to Carol Thompson at thompsonc7@michigan.gov. Applicants will also be required to submit the original copy of this form at the time they request their application and fee refund. In addition, if you have any questions regarding the above or about any of the projects listed, please contact LIHTC staff at (517) 335-9802.
